## **International Interdisciplinary Conference "Modern problems of the physiological function's system regulation"**

# **Information letter N1**

---

Dear colleagues!

We invite you to participate in the IV International interdisciplinary conference "Modern problems of the physiological function's system regulation" on 17-18, September 2015.

The conference will be held 2 days:

September 17, 2015, 10.00-17.00 - Central House of Scientists of the RAS, Moscow, st. Prechistenka Str. 16

September 18, 2015, 10.00 -17.00 -Physiological department of the I.M Sechenov First Moscow State Medical University, Moscow, Mohovaya st. 11, building 4.

-----

The scientific program of the Conference tempts to discuss a wide range of basic and applied biomedical problems related to systemic mechanisms of physiological function regulation of the different life conditions. Specific research topics of the Conference will be finally formed on base of your applications.

---

Conference proceedings will be published in the journal "Bulletin of Experimental Biology and Medicine." The journal is included in RISC database, Web of Science, SCOPUS and others.

## 1 FORMS OF PARTICIPATION IN THE CONFERENCE

- plenary report
- oral report at the symposium
- poster report
- participation in the Conference meetings without the submission of the report
- publication of an article in a magazine without personal participation in the Conference
- Stay at the Conference as accompanying person

## 2 Official languages

- Russian
- English

## 3 KEY DATES

- Participation in the Conference (registration form): up to 15 June 2015
- Provision of abstracts for publication: up to 30 June 2015
